

NIGHT RIDER CASES STILL BEFORE COURT

Leo Sisk Was Convicted and
Gets From One to Five
Years

IN THE BRANCH PENITENTIARY

Leo Sisk, one of the alleged Night Riders, under indictment as a result of the raid on negroes at Carbondale, is being tried in Circuit Court, his case having been entered into yesterday morning. He was represented by Teague & Franklin, and after being out 20 minutes, the jury returned a verdict of guilty.

All of Wednesday was taken up in securing a jury, which was completed shortly after 4 o'clock. Court then adjourned until Thursday morning.

Many of the witnesses for the commonwealth who testified in the cases against Jackson and Peterson were summoned in this case.

Joe Love, colored, was the first one on the stand and he told of the visit paid his house on the night of the raid, and claimed that it was Leo Sisk who had pointed a gun in his face and asked him if he intended to leave the county, to which he replied that "he did." He claimed that he recognized Sisk by his voice.

Oscar Terrell, colored, named a number of men he recognized when they visited him but did not recognize Leo Sisk. Said Jake Oldham and Will Ladd were recognized.

Ed Cook, another negro visited, stated that he recognized Sisk in the crowd by his voice, that he had worked with him and knew his voice.

There are about twenty more to be tried

Elected School Trustees Saturday Afternoon—Election Held at School Building

Election for the office of school trustees was held at the school building Saturday afternoon. Quite a number of votes were cast, which resulted in the election of J. H. Fish and George W. Mothershead, who were appointed early in the year to fill out the unexpired term of E. L. Wise and Walter Daves. Both of these gentlemen are well qualified for the office and will doubtless give entire satisfaction to the Patrons of the school.

The gate of the meeting will probably be some time in the middle or latter part of the summer. A considerable number of the best towns down through Indiana and Kentucky have been signed up for this year's circuit and as soon as the preliminary campaign is finished the local committee will be notified as to the dates and this will be followed by an organized movement to sell the necessary number of season tickets at \$1.50 for the three days meeting, which will provide two splendid and varied entertainments daily, or six in all. Town pride and a lively and awakening community interest is manifested in the quickest acceptance and guarantee of the plan within a few hours and the Earlington public, together with our good neighbors of Madisonville, Morgans Gap, St. Charles and surrounding territory, are expected to meet gladly, when the time comes, the opportunity to take part in the movement and enjoy the fine entertainment that will be offered.

The men who have signed the guarantee and made this thing new undertaking possible for Earlington are: J. S. Hawkins, Paul M. Moore, C. E. Dudley, Jas. R. Rash, Dan M. Evans, Ralph Dudley, Frank B. Arnold, Webb Brothers, Mike Bohan, George Mothershead, Henry Coward, George King & Sons, Mrs. Dusenberry, B. E. Nixon, Brown Brothers, Will Whitford and J. E. Fawcett.

INDICT 27 MEN FOR MURDER

Grand Jury at Madisonville
Acts in Possum Hunter
Cases

REPORTED MEN HAVE FLED

Madisonville, Ky., May 12.—Indictments were returned here this afternoon against twenty-seven men, all charged with wilful murder, as the result of the raid on the negroes at Carbondale in October, 1914, when George Baker, 9 years old, was killed while asleep in the home of his father, Tom Baker, whom the night riders were after. Three of the men indicted on this charge Hollie Jackson, Will Peterson, and Leo Sisk, have been sentenced to the penitentiary this week for participating in this raid.

In addition to these indictments, twenty-two others were returned today, charging various offences. The grand jury was given until next Monday to complete its investigations and other night riders will probably be indicted.

Curtis Jackson, 18 years old, indicted as a member of the night rider bunch that shot up the Floyd Todd boarding house at Carbondale on Sept. 26, 1914, wounding Floyd and Grover Todd, Mrs. Todd and a child, was before the court today, the evidence being completed at 6 o'clock, the arguments being made tonight. The jury returned a verdict of guilty and fixed the punishment at 3 years in prison. This is the raid where the night riders were said to have been after O. S. Bookwalter, president of the Carbondale Coal Company, and young Todd. Saturday morning—It is reported that a number of men charged with guilt in above cases have skipped their bonds of \$500 each and fled.

Frank D. Rash leaves this week for New York City to attend the National Association of Manufacturers, which will be in session Monday, Tuesday and Wednesday of next week. He goes to represent Kentucky and will deliver an address before the association, his subject being "A Message from the South." WILL MEET AT DAWSON

Groups 1 and 2 of Kentucky Bankers There on May 18

The joint meeting of Groups 1 and 2 of the Kentucky Bankers' Association, which is to be held at Dawson Springs, May 18, will be an important one for the bankers of the western half of Kentucky. Not only will the bankers consider matters of direct interest to their own line of business, but they will discuss more general affairs, especially as relating to good roads and improved live stock and agricultural conditions, and their relation to the banks and the aid the latter should give. The program for the meeting has just been issued.

River Contest Trip

BILL OLDHAM SECOND

Mrs. Ed Hamer, of this city, is again in the lead in the contest and says she is going after the \$50.00 Silver set. Bill Oldham, of this city is second and says he wants the silver set and is going to win it. There are others who have their minds made up that they will win the set so it is hard to guess who will get it in the end. The time is now just right to begin hard work on this contest as there are only five weeks more until the contest ends and there will be more work done in these 5 weeks than there has been up to this time. There are about eight or nine of the contestants that are very nearly equal in the matter of votes and any of this number can win the first place by a little extra effort and the first place entitles the winner to this delightful trip and the \$50.00 Silver set free. We have on a good proposition now and one that will be easy to work, we are giving the Evansville Courier daily by mail from now to Oct. 1st. The McCall's Magazine and The Bee one year all for \$2.00, this gets you 2,000 votes and is a splendid combination, tell your friends about it and see how quickly they will accept an offer of this kind.

MINERS WHIPPED SEEK \$30,000

District 23, Graham Local
and 49 Others Sued

CHARGE CONSPIRACY FOLLOWED REFUSAL TO FALSIFY WEIGHTS

Greenville, Ky., May 11.—John Mosely has filed suit against District No. 23, of the United Mine Workers of America, Graham local, and forty nine persons named as defendants, asking \$30,000 damages for a whipping which he alleges he received last June at Graham.

He alleges that the defendants who are named sought to cause him to give the miners unfair weights in coal mined at Graham and that they conspired with District No. 24, of the United Mine Workers, and with the Graham local union of the miners to whip him, he being at the time weighman for the W. G. Duncan Coal Co. Of the defendants named twelve were indicted at the last term of the court here. Robert Pollock and H. H. Vincent, president and secretary of District No. 23, respectively, are sued as official representatives of the miners' organization.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury, and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

PARENTS' DAY TO BE OBSERVED

In the Earlington Churches
Sunday—Special Sermons

Mothers' Day will be observed here on next Sunday by a number of the churches, and at the Christian Church on Sunday evening Rev. Hawkins will deliver a special sermon on "Mothers." Rev. Grant of the Methodist Church will deliver a special discourse on Parents, including both Mother and Father. The day will also be appropriately observed at the other churches.

Christian Church Notes

Rally Day, which was the end of the "Preparedness Contest" last Sunday resulted in the Victory of the "Reds" with "Whites" and "Blues" beaten, but having run a splendid race. As a reward to the "Reds" a reception will be given at the church Friday evening May 19. The whites and blues will be glad to serve the victorious ones and the entire school will join in making this a very happy occasion.

One hundred and seven men were present in J. S. Hawkins' class, 79 women in J. R. Rash's class and 72 Beginners and Primary in Miss Mary Mothershead's class last Sunday. The offering was \$71.00 and will be used to complete the basement.

Sunday morning will be observed as "Mothers Day" with a sermon by Bro. Hawkins. J. R. Rash will sing a solo called "A Mothers' Prayer." All men, especially, as well as everyone else who will attend, will be welcome.

A letter from Miss Alice Miller tells of the continued interest of friends in the work she is doing in Tokio. She is enjoying good health, and her work progresses nicely.

High society has its advantages after all. The fat woman, for instance, achieves the distinction of matronly dignity, while the skinny one is a willowy wisp of charming femininity.

There must be a good reason for this. It is because alum was found to be unhealthful.

A HAPPY DREAM HAS COME TRUE

Sufferers from Stomach Trou-
ble Have Discovered
a Relief

To be a sufferer from stomach
trouble for years and to hear all
the torment that this all too com-
mon ailment causes, and then to
be benefitted almost over a night,
is like having a happy dream
come true.

This has been the pleasant ex-
perience of thousands of former
sufferers of this dreaded malady,
who have taken Tanlac, the new
reconstructive tonic, which aids
nature to restore the stomach to
habit of doing a full day's work,
and doing it well.

The present day mode of living
has raised havoc with stomachs.
A tired, over worked stomach or
kidneys, abused by too much or
too hastily eaten food, and our
other faulty methods of living,
causes an endless number of ail-
ments, among them being liver
complaint, kidney trouble, catarrh-
al affection, dyspepsia, nerv-
ous breakdown, lost ambition,
and blood troubles.

People so affected, and there
are thousands of them in cities
like Earlington, are loggy and
nervous and easily tired. They
are worn out after a little exer-
tion, and are moody and depres-
sed. These are sure symptoms
of overworked vital organs, which
need cleansing out and regulating.
It is for just these conditions that
Tanlac has proven beneficial.

Men and women in all walks
of life are daily acknowledging

the benefits derived from this
Master Medicine. Tanlac has
become a household word every-
where it has been introduced.
Its records for sales has by far
excelled those of any other pro-
prietary preparation ever known
in the annals of medicine. Its
success is based on merit alone.
Its best advertiser is the former
sufferer who has been relieved.
The laboratories are working day
and night to supply the great de-
mand which has been created by
Tanlac through throughout the
country. Its instant leap into
popularity in this section has
been marvelous.

Nervous, tired out run down
men and women, or those suffer-
ing from stomach, kidney, liver,

intestinal or catarrhal trouble
should visit at any of the follow-
ing druggists, where the Tanlac
Man will explain the merits of
this wonderful reconstructive
tonic and the results that may be
expected from its use.

lowing nearby towns: Earlington,

"ANURIC!" THE NEWEST DISCOVERY IN CHEMISTRY

This is a recent discovery of Doctor
Pierce, who is head of the Invalids'
Hotel and Surgical Institute at Buffalo,
N. Y. Experiments at Doctor Pierce's
Hospital for several years proved that
there is no other eliminator of uric acid
that can be compared to it. For those
easily recognized symptoms of inflam-
mation—as backache, scalding urine
and frequent urination, as well as sedi-
ment in the urine, or if uric acid in the
blood has caused rheumatism, it is
simply wonderful how surely "Anuric"
acts. The best of results are always
obtained in cases of acute rheumatism
in the joints, in gravel and gout, and
invariably the pains and stiffness which
so frequently and persistently accom-
pany the disease rapidly disappear.

Go to your nearest drug store and
simply ask for a 50-cent package of
"Anuric," manufactured by Dr. Pierce,
or send 10 cents to Dr. Pierce for a
large trial package. If you suspect
kidney or bladder trouble, send him a
sample of your water and describe
symptoms. Doctor Pierce's chemist
will examine it, then Dr. Pierce will
report to you, without fee or charge.

NOTE:—French scientists affirm that
"Anuric" is thirty-seven times more
active than lithia in eliminating uric
acid, and is a harmless but reliable
chemical compound that may be safely
given to children, but should be used
only by grown-ups who actually wish to
restore their kidneys to perfect health,
by conscientiously using one box—or
more in extreme cases—as "Anuric"
(thanks to Doctor Pierce's achievement)
is by far the most perfect kidney and
bladder corrector obtainable.

Dr. Pierce's Pellets are the original
little Liver Pills. One little Pellet for
a laxative—three for a cathartic.

Zera—Gerald, do you know why Gladys and Sarah are so good?

Gerald—No, and I have often wondered, why?

Zera—Well, you see, they are so fat it is hard for them to stoop to anything low.

The seniors are up against a very perplexing question. After general discussion and consideration it has not been settled. They would be pleased with any outside information which might lead to the correct solution of the question. Is a river "in" or "on" the ground?

Jack—Wallace, why do you wear those striped socks all the time?

Lionel—For style.

Jack—Well, I didn't think you wore them because of ignorance or you wouldn't look like a zebra.

It takes action, not reputation in a ball game. E. H. S. must get the action.

Grandstand plays are good in their place, but it takes practice to make perfect. Come out.

Every week the pupils watch eagerly for announcement that one of the teachers have indulged in matrimonial bliss. However, after long waiting they are about to decide that only men can get married. Professor is the only married teacher you know.

William Roy; If a flower garden had a bicycle would the rose petal.

Jack: Miss Huffaker, when are you going to give me my book back?

Miss Huffaker: I have already given your book back.

Lionel: If war is Hell, lots of men are going to war.

Miss Huffaker: There sure is?

Monroe: Ya, and there will be several women on the frontier, too.

Jack is very fond of his dime and-dice.

If E. H. S. don't win this game with Dawson, we are going to get the "bowl and pitcher" next time.

Zera and Gerald were in an argument.

Zera—"Ah Gerald, you can't even hop up these stairs two steps at a time."

Gerald—"Any nut head could do that, just watch."

Whereupon, Gerald proceeded to hop up the stairs only to find, when he had reached the very top that there was thirteen steps so it was impossible to hop entirely to the top, two steps at a time.

Zera—Ha, told you ye could not, now what's he bet I can't?

Gerald—"Well you can't."

Then Zera hopped, two steps at a time, to the twelfth step, then hopping back to the eleventh step he covered the remaining two at one bound. But, Gerald was at the top, and that's how it happened.

Rheumatic Pain Stopped

The drawing of muscles, the soreness, stiffness and agonizing pain of Rheumatism quickly yield to Sloan's Liniment. It stimulates circulation to the painful part. Just apply as directed to the sore spots. In a short time the pain gives way to a tingling sensation of comfort and warmth. Here's proof—"I have had wonderful relief since I used your Liniment on my knees. To think one application gave me relief. Sorry I haven't space to tell you the history. Thanking you for what your remedy has done for me."—James S. Ferguson, Philada. Pa. Sloan's Liniment kills pain. 25c at Druggists.

Avoid Spring Colds

Sudden changes, high winds, shifting seasons cause colds and grippe, and these spring colds are annoying and dangerous and are likely to turn into a chronic summer cough. In such cases take a treatment of Dr. King's New Discovery, a pleasant Laxative Tar Syrup. It soothes the cough, checks the cold and helps break up an attack of grippe. Its already prepared no mixing or fasting. Just ask your druggist for a bottle of Dr. King's New Discovery Tested and tried for over 40 years.

Sunshine.

In a year 4,472 hours of sunshine are possible, but few places ever experience the maximum.

Lame back is usually due to rheumatism of the muscles of the back. Hard working people are most likely to suffer from it. Relief may be had by massaging the back with Chamberlain's Liniment two or three times a day. Try it. Obtainable everywhere.
